## Delaware Victims' Rights Task Force

April 28, 2010

Mildred D. Muhammad  
P.O. Box 1533  
Clinton, MD 20735

Dear Ms. Muhammad,

I would like to thank you for Being part of both our Lunch, *Survivor to Advocate: An Intimate Conversation with Mildred Muhammad* and our evening event *19<sup>th</sup> Annual Crime Victims' Tribute*.

Your presentation at lunch with survivors and members of different committees in Delaware was very powerful. Being able to ask questions directly to you and have dialogue about the path from victim to survivor to advocate was very beneficial to those who attended. As one attendee put it "it was powerful and touched me deeply". For future events I would say this format was outstanding and your delivery excellent and truly your forte.

In the evening for the Tribute we had 175 people attend. Many of them were survivors of domestic violence who were there to both hear your story and pay tribute to their own victimization. Your story was a good mix of telling your story and providing hope to others in the audience. I received many comments from those in attendance who gained strength through your words.

Thank you again for coming to Delaware!

Take care.

Stephanie Hamilton  
Chair
