MILDRED MUHAMMAD, Author of *Scared Silent*

Nine years ago, the DC Sniper had us looking over our shoulders. While everyone questioned the identity of the DC Sniper, Mildred Muhammad was running from her ex-husband. Like all of us, Mildred soon learned that the person she and the Nation feared, was the same man. Join us for a Conversation with Mildred Muhammad, the author of "Scared Silent", about her experience being married to the man that terrorized her, their children and the United States.
